

Friday 4th September 2020

KEY DATES

Cleo Lazaris

Message from our Campus Principal

Hello everyone, I know this has been said many times but what a year 2020 has been so far! At this stage we are all set to return to on-site learning in the final week of Term, however we will continue to update you all via our Facebook page and Compass, should anything change. Term 3 is traditionally cold and wet and so being able to learn from the home has been welcomed by many of our students.

I know we are all missing our social connections with friends and colleagues at school but am proud that we were all able to contribute our small part in helping to reduce the spread of the virus.

PARENT TEACHER CONVERSATIONS

Parent/Teacher conversations were scheduled for Thursday, 17th September and Friday, 18th September, however the current restrictions prevent us from holding these conversations on-site. Further advice will be provided via Compass and our Facebook page.

Pre-Service Teachers

Churchill Campus welcomes a number of Pre-service teachers who are working with us this Term. Whilst they probably didn't expect to be teaching remotely, we are very pleased to be able to provide them a range of experiences and opportunities.

This Term we have:

Tahlia Flake – 4th year, PE & Health and Outdoor Education (Fed Uni)

Pamela Surowka – 4th year, English & Science (Fed Uni)

Jamie Canning - 4th year, Music & Humanities (Vic Uni)

We wish them all the best for this year and their future endeavours.

Year 9 News

Hello everyone and welcome to the Year 9 News. I am pleased to say that this week the Year 9 team have witnessed some of the highest levels of engagement from Year 9 students since the start of Remote Learning 2.0.

As we are well and truly past what we all hope is the half way mark of Remote Learning this time round. I want to acknowledge the persistence and resilience students and parents have shown over the last few weeks and to encourage you all to keep it up.
